

**MEXICO WINDPOWER®** is the most influential annual event in the wind industry in Mexico co-organized by **AMDEE** (Mexican Wind Power Association), **GWEC** (Global Wind Energy Council) and Tarsus de Mexico .

Due to restrictions related to pandemic and in order to protect the well-being of exhibitors, speakers and attendees, this year we will carry out the event digitally on **Wednesday 26 and Thursday 27 May 2021**.

All actors involved in this sector are invited to participate in the call for abstracts on policy, technical and market related topics.

## A. Tracks for abstracts

- Development of wind projects
- Operation and maintenance of wind farms
- Life extension of wind turbine
- Overview of investment in wind energy in Mexico
- Development in turbine components
- Design and innovation of wind projects
- Software development and solutions for operation and maintenance
- Products and solutions for storage
- Mexico's Offshore Wind Potential
- Wind Energy and Green Hydrogen's Potential to Power Mexico's Future

## B. Key dates

Abstracts should be sent to the following emails:

[emerson.clarke@gwec.net](mailto:emerson.clarke@gwec.net)

[danielam@amdee.org](mailto:danielam@amdee.org)

cc: [alejandra.barrientos@tarsus.mx](mailto:alejandra.barrientos@tarsus.mx)
